AUDITOR'S REPORT

Sorrento, Maine, Feb. 17, 1939.

Selectmen, Town of Sorrento:

In accordance with chapter 216 of the public laws of 1937, I have audited the accounts of your selectmen, treasurer and tax collector, for the year 1938, and certify that the accounts are correct to my best knowledge and belief.

I wish to compliment the town officers upon the excellent condition of their records.

Respectfully submitted,

SCHOOL REPORT

To the Superintending School Committee and Citizens of the
Town of Sorrento:

I herewith make my first annual financial report covering the cost of operating your school for the past municipal year.

Due to the division of responsibility for the supervision of your schools between my predecessor and myself during the past several months, I desire to limit my first annual accounting to that of a financial statement, which follows. In the absence of a long narrative report, I wish instead to make it known that I will be most pleased to visit the home of any individual at any time to discuss school interests. You need not necessarily have to have children in school in order to learn of these matters of mutual concern. Just send word to one of the teachers, a member of the school committee, or directly to me.

Respectfully submitted,
REGINALD H. HASKINS,
Superintendent of Schools.

NURSING REPORT

To the Citizens and Town Officers of Sorrento I submit my report from January 1, 1938, to December 31, 1938:

In January the usual winter weighing was completed for the health charts, and the children qualifying for Seven-Point awards were discussed with the teachers. In March and April, during the Cancer Prevention and Early Diagnosis Campaign, many pamphlets on these subjects were placed in public places and homes. Posters were also exhibited.

The Sorrento school children joined with the other towns in the Flanders Bay territory for the annual school field day. Eleven Seven-Point children took part in the exercises, and one of the rooms was able to qualify as a winner of the 50 per cent. dental award.

In May, vaccination against smallpox was offered in the school, and seventeen children took advantage of it. Diphtheria immunization was also offered this year, and fifteen children were immunized. All mothers were invited to the baby and pre-school clinic at Winter Harbor in September. Dr. Miller, summer doctor at the Point, was the examining physician.

Annual school inspection was completed in September, and notices of defects found were sent to parents, and full report of the findings left with both teachers. Routine school room visits have been made for the purpose of helping the teachers with all their health problems.

Report of school nursing: Pupils inspected, 25; with defective teeth, 11; with defective throats, 5; with nasal defect, 1; with gland defect, 1; with vision defect, 1; 100 per cent. or

more underweight, 3; with orthopedic defect, 1. Corrections: secured: Vision, 2; teeth, 5; throats, 2; nasal, 1; weight, 4; orthopedic, 1 being treated.

During the year, 107 instructive and investigative visits were made to babies, pre-school, school children, pre-natal patients and tuberculosis contacts. One school child was taken by the nurse to the crippled children's clinic in Bangor for an examination.

Thanks is extended to all who have helped in any way to the success of the nursing service.

Respectfully submitted,

FLANDERS BAY NURSING SERVICE.

Clye H. Ricker, R. N.
